### Brief Appraisal of the overall performance of the institution during the academic session 2014–2015

It is true that we cannot achieve high goals in life until we are focused. We cannot alone travel the journey called ‘life.’ We cannot alone chase the challenges and hurdles of life; we need someone...some ray of hope, some mentor to enlighten us and some temple of learning to shape our thoughts. By god’s grace I got Pillai College as a beautiful place to explore myself.

We started our new session of B. Ed. – 2014:15 with a lovely orientation in the month of August by our respected teachers. It was the time when we all had tightened our seat belts for a thrilling roller coaster ride that we were to experience throughout this academic year 2014–15. And it all started with Micro skills. It was then, when we realized that teaching is not one task but, a skill comprising of multiple challenging stages—one being the micro skills. The presentations went smoothly by the grace of our teachers and guides in the first week of August.

#### ***It is well said that –You Can Only Have More For Yourself, By Giving It Away To Others***

And ‘giving’ is the synonym of teaching. And a good teacher is the one who is full of values and high morals in life. Keeping this thought intact, our next session was on Core elements and values by Ms. Namrata Saxena. Ma’am very enthusiastically expressed the needs of having values within oneself and then imparting it to others. This workshop was tremendously important to revive our actual role as humans, first.

Living in a democracy and not actually tasting it, is no fun. Following the policy of democratic elections, our college made each one feel like the real leaders standing for its people. I am talking about the much liked elections for the post of GS and students council leaders. Experiencing the entire voting, campaigning and the feeling of being the face of the class was tremendously thrilling. Finally the class elected its students leaders for the academic year–2014–15. Also, the students in-charge for our Annual Magazine 2014–15 were announced by Asst. Prof. Geeta S. Thakur – the in-charge of Magazine.

One needs to learn to teach, and keep teaching to learn more. It was time for our macro lessons, the practice lessons in various schools in and around Panvel. Under the superb planning of our practice teaching in-charge– DR. Geeta R. Thakur and Mrs. Bindu Tambe, total 20 practice

lessons for English, Hindi and Commerce groups were planned in a very orderly manner. This was the actual time where each one of us got the real feel of being a teacher. Trust me, its one challenging task...but the sense of satisfaction that each one got after finishing the lessons is overwhelming. I thank my college for all the guidance and support. Simultaneously we were oriented with various simulated lessons like CAM, ITM and power point presentations by all our guides.

Working relentlessly to achieve our goal for this academic year, made each one a bit stressed out at some point in time. Having a perfect blend of masti, mazak and padhai, we geared up for several amazing treats for ourselves.

First being the Teachers' day celebration on 5<sup>th</sup> September, 2014. As a tribute to all the teachers and thanking them for who we are, for shaping our lives smilingly and for accepting us the way we are, each students had put up a lovely show on Teachers' day. It really made us bond better.

Entering the auspicious week of Navratri, on 8<sup>th</sup> September, 2014 our college had planned bombastic garba and dandiya celebration under the guidance of our Extra-Curricular in-charges- Ms. Bhavna Dave and Ms. Alpana Sharma. Participating in full numbers- B. Ed. and M. Ed. students looked their best in the garba costumes. Various prizes were given to best dancers and best costume person. After a tiring stretch of dancing for long hours we were treated with yummy snacks. Keeping the enthusiasm alive, we conducted Cultural competitions of Mehendi, rangoli, best out of waste, greeting card making and flower making in the campus. It received the best participation and some of us got a great opportunity to showcase our hidden talents after years.

We also had Hindi Divas celebration to mark the importance and use of Hindi language in the country on 16<sup>th</sup> September 2014. The day inspired everyone to speak in our national language and not only respect it but also be proud of it. Under the guidance of Ms. Pradhnya Jadhav and other teachers, students expressed the vital role of Hindi language in their life.

To be an inspiring leader one has to be an inspiration. Setting the tone right, our college conducted Community service under the supervision of Ms. Alpana Sharma and Ms. Mayuri

Jadhav. Shram daan done for 3 days in Shantivan, Old age home and Seal Ashram near Panvel in the month of October, made us face the strange realities of life. It was an awesome feeling of being of use to others. Realizing the fact that how blessed we are, there was a total personality shift within us after a tremendous service done for Community.

Not only this, two of our extravagant students – Ms. Khyati Raja and Ms. Madhu Singh got selected for the India's largest Indian Youth Parliament, that is Bharatiya Chhatra Sansad organized on 10, 11<sup>th</sup> and 12<sup>th</sup> January, 2015 at a humungous scale by MIT Institute, Pune. Khyati got selected amongst several noted students speakers in and around the world.

As the tradition, MES society celebrated 24<sup>th</sup> January, 2015 a fest called UBER-RANG wherein we took NGO kids from Balgram and Immanuel Mercy Home, Panvel to Pillai campus for one whole day. They were served with food and lots of interesting games were organized at a large scale for each NGO. At the end the students were given prizes for winning several competitions. Mingling along with destitute was a beautiful feeling. Not to forget our beautiful Bengali dance guided by Ms. Bhavna Dave and Ms. Geeta S. Thakur won 2<sup>nd</sup> prize in the Uber-Rang festival. What a moment of pride for each one of us to see their efforts being paid off.

It is said that meditation is a way to talk to that supreme soul. To inspire the young and budding professionals, our students and teachers attended a talk on Meditation by CIDCO VP- Mr. Bhatia. Sir gave an insight into how lives today have become mechanical. We need to slow down and spend time with that supreme power that created us. It was a very enlightening session for all.

Next was the time of rejuvenating our souls and celebrating back to school days where each one enthusiastically played indoor and outdoor sports. In the month of October, under the planning of Ms. Geeta .S Thakur and Ms. Prerana Panjari and our very vivacious group of B. P. Ed. students, we organized sports day. Inspiring us to have the sense of participation within us and keeping up the spirit of sportsmanship high, each teacher and students lived this day to the fullest.

Amidst all this, we had class-tests, preparatory exams and our teachers rest assured that all of us pass with flying colours in Semester-1 University examinations. It was in the month of December, 2014 that Semester-1 examinations happened. Each student geared for the exams. It is

an honor to announce that we all fared superbly well in exams and I guess, to some extent kept our teachers' hopes alive. It could not have been this easy without our principal madam's words of wisdom and teacher's support. Thank you each one once again.

Coming back to the academic aspect, next we had was Evaluation workshop conducted by all the teacher educators in the start of the new year-2015. Expressing the importance of evaluating students, proper way of conducting the assessments, which we never knew could be such a task, we conducted it in the groups based on each method. This workshop gave us a peep in one of the finer aspect of teaching, i.e. evaluating the students. Indeed, a very new and challenging job for us.

Our college keeps full track of providing updated knowledge to its students. Our college had planned a TKT workshop on 15<sup>th</sup> January, 2015 by Ms. Sanoyti Talwar and Mr. Sarfaraz Khall. They spoke about English language proficiency and the significance of knowing proper English for personality grooming of a teacher. We were so convinced that many students even opted to give exams on several modules.

Next in pipeline was Action Research project which sounded very new and difficult at the start. Right from planning the tool till the analysis stage and the viva-voce we were behind our respective guides for the silliest doubts we had during this entire course. The Action Research in-charge Ms. Prerana Panjari kept updating us. It was a new learning to conduct our own research and do a higher level analysis.

Entering the month of February, 2015, we began planning for internship in various schools for a period of one whole week. The teacher in-charge DR. Geeta .R Thakur oriented us about our jobs during internship. Right from teaching till corrections, lab work till conducting sports, organizing Assembly to taking proxy classes to handling the discipline and administration part of the work, internship made us respect this profession even more. This much multi-tasking and yet showing up smilingly the next day needs a lot of love and passion. Thanks to my college for giving us this sense of realization.

We got this great opportunity to host Degree Distribution Convocation ceremony for the College as well as University rankers on 2<sup>nd</sup> February, 2015. It was highly inspiring and motivating to meet some of the brilliant lot of students who are now soaring great heights in their career. Interacting with them was a good learning.

Educational visit to DR. Pillai Global Academy on 6<sup>th</sup> February, 2015 left everyone spell bound. The student teachers were amazed at the school's infrastructure, ambience, state-of-art technology in each classroom and the other facilities. The visit aimed at giving exposure to the IGCSE and IB curriculum.

Here comes the thrill- Picnic to Shiv Ganga Water Park in Rasayani on 18<sup>th</sup> February, 2015. Right from playing water games, laughing, having sumptuous meal, getting to explore each other we had it all. Thanks to our picnic in-charge Ms. Geeta S. Thakur for such a lovely day. Really made us feel like we were all in schools with no burden of studies on us.

As a part of our well-being club, our college organized cancer-awareness talk by Mr. Vijay Gokhale on 16<sup>th</sup> February, 2015. Sir expressed the need to be aware of how and what this disease is and it is curable. There was also a session by Dr. Mohite on women's health issues. Ma'am also highlighted the importance of having healthy lifestyle to give birth to a healthy generation. Both the sessions were very effective and indeed, eye-opening.

To mark the essence of mother tongue- what we call as Mathru bhasha, our college celebrated this day on 27<sup>th</sup> February, 2015. It was a remarkable day in B.Ed. whole session. It was fun-filled day where all the students tried to speak in Marathi language. Some students explained the importance of Marathi language as well as the ancient literature in Marathi language like Bhasud, poems, shlok, Abhang etc.

The experience was indeed memorable. As a part of women empowerment cell- Mumbai University had organized a 3 day camp on self-defense training for women. Our faculty Ms. Alpana Sharma along with 4 student teachers of our class had attended the session in Mangaon, Raigad. This camp highlighted some of the defense techniques women must be aware of. Along with this several sessions on health, judo and boxing were also taught.

Entering the month of March, marking the celebration for International Women's Day in 8<sup>th</sup> March, 2015 our B. Ed. and M. Ed. students along with B. P. Ed. students conducted a rally in Khanda Colony highlighting the empowered women and an era where both men and women are competing at the same level. This rally was a symbol of freedom, expression and empowerment dedicated to all women of the world.

Lastly, expressing the need and greed to be mindful in life and live a quality life, our college had planned a workshop on 'Being mindful' by Ms. Japneet Anand and Ms. Minu Joshi on 31<sup>st</sup> March, 2015. They spoke about how important it is to be aware of the titan within us and to direct out thoughts towards positivity. The session also had some session on meditation and how the right attitude in life can take us far.

Amidst all this hectic schedule and rigorous working hours, our students took extra efforts to bring accolades to our college reputation by winning several competitions in the colleges held across Mumbai. Nothing would have been so well-planned, systematic and successful without each teacher's help and Principal ma'am DR. Sally Enos's vision. I extend my heartfelt gratitude to each of my teacher.

Though this journey remains to go on, as relations of heart never die, we the students of B.Ed. 2014-15 depart to rise and shine again in the upcoming Semester-2 examinations in the month of May.
