## ABOUT THE INSTITUTION

Mahatma Education Society is a process which came into existence out of a desire of visionary Founder Dr. K. M. Vasudevan Pillai to provide 'education for all'. MES started its journey in 1970 with just one small school and today it has 48 educational institutions with state of the art facilities at par with international standards. MES offers KG to postgraduate professional courses at its various campuses at Chembur, Gorai, New Panvel (East), New Panvel (West) and Rasayani. Our Chairman and CEO, Dr. K. M. Vasudevan Pillai and Secretary, Dr. Daphne Pillai, with their energetic and persistent strive for excellence; have enabled all institutions to exemplify quality education.

Pillai College of Education and Research, New Panvel, affiliated to University of Mumbai, was established in 2007. The mission of the institution is "To promote purposive education through globalization of mind and society and using education for value transmission in order to enable the student teachers to effectively perform different roles as a teacher in the present society." PCER Panvel which has recently been accredited 'A' grade by NAAC, offers B.Ed. and M.Ed. courses and is a Research centre for Ph.D. (Education), University of Mumbai. This institution is also a PCP Centre for M.A.(Edu) IDOL, University of Mumbai. It is well equipped with the latest technologies, student friendly library and computer laboratory.

## ABOUT THE THEME OF THE SEMINAR

### Designing the 21<sup>st</sup> Century Classroom:

To prepare today's students for success in life, schools and colleges must provide education required to face 21<sup>st</sup> century challenges and must equip young people with the capacity to think, solve problems and respond to and thrive within a changing society. Embracing 21<sup>st</sup> century learning emphasizes on creating learners who take intellectual risks, fostering learning dispositions and nurturing school communities where everyone is a learner. To achieve this goal, a 21<sup>st</sup> century classroom must begin with the design of the learning environment, including the physical environment, the social/emotional environment and the academic environment.

## OBJECTIVES OF THE SEMINAR

- ☐ To discuss about the curriculum design and development for 21<sup>st</sup> century learning.
- ☐ To explore ways to integrate technology in the 21<sup>st</sup> century classroom.
- ☐ To explore and share ways to develop 21<sup>st</sup> century citizenship.
- ☐ To share classroom success stories and experiences related to 21<sup>st</sup> century learning.

### Sub theme 1: Curriculum design and development for 21<sup>st</sup> century learning

A curriculum that prepares students for life and work in the 21<sup>st</sup> century is likely to be one that includes an emphasis on deep understanding of subject matter and the ability to apply what is learnt, the ability to communicate and solve problems in teams, the ability to think critically and to create novel solutions and flexibility, openness to change and a willingness to learn continually.

#### The papers in this theme can be related to following areas

- ☐ Approaches and philosophies of curriculum development
- ☐ Creating learning environment through various instructional strategies and innovations
- ☐ Evaluation of curriculum

### Sub theme 2: Integrating technology in the 21<sup>st</sup> century classroom

21<sup>st</sup> century learning is a process whereby digital natives utilize the power of modern technology to learn anything, anytime, anywhere. Classrooms are no longer necessarily defined by rigid walls, as hybrid learning models blend the virtual with the physical into a truly engaged and collaborative educational experience.

#### The papers in this theme can be related to following areas

- ☐ Creating virtual learning environment
- ☐ Technology for collaborative learning and social learning
- ☐ Technology for open learning

### Sub theme 3: Development of 21<sup>st</sup> century citizenship

As the world continues to become more interconnected, 21<sup>st</sup> century

learners should recognize their role as local, national and global citizens, participate in a democratic process, respect and understand the significance of environmental protection. It demands a broader vision to make learners informed and responsible participants in a society.

#### The papers in this theme can be related to following areas

- ☐ Development of civic literacy
- ☐ Development of environmental consciousness
- ☐ Development of global citizenship

### Papers and posters will be accepted.
