#### Programme Schedule

- 09.00 am - 09.30 am Registration  
 09.30 am - 10.00 am Welcome and Inauguration  
 10.00 am - 11.30 am Session I - A Livable Earth for Present Generation  
 11.30 am - 11.45 am Tea Break  
 11.45 pm - 01.30 pm Papers/posters/ demonstration  
 01.30 pm - 02.15 pm Lunch Break  
 02.15 pm - 03.30 pm Session II - Mindful Consumption for a Sustainable Gen-Next  
 03.15 pm - 04.30 pm Papers / posters/demonstration  
 04.30 pm - 05.30 pm Valedictory function

#### Our Patrons

**DR. K. M. Vasudevan Pillai**  
Chairman & CEO, MES

**DR. (Mrs.) Daphne Pillai,**  
Secretary, M E S

**DR. Priam Pillai**  
COO, MES

**Mr. Franav Pillai**  
Deputy CEO, M E S

#### Seminar Advisor

**DR. Sally Enos**  
Principal, PCER, Panvel

#### Organizing Secretary

**DR. Pratima Pradhan**  
(8097194207) [email-pratima@mes.ac.in](mailto:email-pratima@mes.ac.in)

## About the College

Mahatma Education Society, an enviable, triumphant educational enterprise established in 1970 exemplifies quality education through its 50 educational institutions spread across Mumbai, Navi Mumbai and Rasayani. With a mission 'Education for all', our Chairman & CEO, DR. K. M. Vasudevan Pillai and Secretary, DR. Daphne Pillai have ensured the transmission of excellence in education from 'KG to PG'. DR. Pillai believes in the holistic development of the students and the institutions relentlessly strive towards empowering the students to become key contributors to the community. One such part of MES is Pillai College of Education and Research at New Panvel, affiliated to the University of Mumbai, approved by the NCTE and Accredited 'A' Grade by NAAC. It was established in the year 2007 and offers full time B.Ed. & M.Ed. courses, is a recognized Ph.D. center (Edu.) and a PCP center for M.A. (Edu.) IDOL, University of Mumbai. Designed with a futuristic outlook and well-equipped technology, the institution works steadily towards its mission "To promote purposive education through globalization of mind with societal insight, using education for value transmission to facilitate the student teachers to perform effectively different roles as a teacher in the present society."

## About the Theme of the Seminar

### Environmental Re-engineering - People and Nature: A Livable and Sustainable Future

There is an inseparable bond between people and nature; our very existence is dependent on nature. However, the thoughtless actions of people have brought the whole civilization to the brink of extinction. Equilibrium in nature is disturbed and it is high time we learn from the mistakes of our past. There is still time to save the nature from further irreparable damages. No one can do everything, but everyone can do something. The solution lies in the plane of rational and humane actions. We would destroy ourselves and the Earth if we don't restore and sustain global

resources and raise awareness about our actions, linked with a clear consciousness of our planetary responsibility. Keeping this in mind, Pillai College of Education & Research, Panvel organizes a national seminar every year which is a continuous series to address the issues and challenges faced by our planet Earth for a livable and sustainable future in the era of fast changing environment. This year too, we continue the endeavour with the Environmental Re-engineering Seminar – Series 10 on the theme People and Nature: A Livable and Sustainable Future.

### Objectives of the Seminar

- To bring together the young minds, researchers, and academicians to address the new and emerging challenges that the environment is facing and to find solutions thereto.
- To develop an understanding of the impact of human activities on the environment.
- To explore ways to strengthen the relationship between people and nature.
- To acquire the skills of sustainable lifestyle practices.

### Core Areas

#### Sub theme 1: A Livable Earth for Present Generation

All of us know that our health and well being are intimately related to the environment in which we live. Yet many of us are spending longer time indoors and living more inactive lives. This is because, the present urban environments have been found to exhibit unique local temperatures, precipitation, and other characteristic activity due to a variety of factors. This in turn leads to climatic change and altered geochemical cycles. Thus, the question arises - How are we going to satisfy the huge appetite of the growing cities and still be able to create a livable world for the present generation? We need to think of ways that minimize the negative effects on the surrounding environment.

#### Sub theme 2: Mindful Consumption for a Sustainable Gen-Next

The excessive demand on natural resources has led to many environmental problems that we currently face on our planet. Mindful consumption of resources is a responsibility of every individual towards our planet. There is an urgent need to forge a healthy and balanced relationship with nature. We have surpassed the time to plan...we need to act; minimize our consumption, so that we can co-exist with the other living beings on Earth. The efforts at the individual level are the need of the hour. It is not enough to think in purely intellectual or logical terms but, practical solutions. Thus, the question arises - What are the possible ways to ensure that we leave a sustainable planet to our future generations?

Hence, the theme of this seminar invites Research Papers/Case studies/ Document Analysis based on primary and secondary data to answer the questions and share the constructive means to make mother earth livable and sustainable

### Important Dates

Abstract submission - 20<sup>th</sup> November, 2019  
(not more than 200 words)  
Full paper submission - 8<sup>th</sup> December, 2019  
(1500 words)

### Essentials For Paper Presentation

- Papers/posters/demonstrations are invited on the above sub themes. They can be case study/practical oriented /experiential /research based.
- Contributors should send the abstract and full paper via e-mail only as per the dates given above to pcerseminar@mes.ac.in OR pratima@mes.ac.in
- Papers by post will not be accepted.
- Registration form is attached.
- Paper should be typed in MS Word in A4 size
- Title of the paper: Bold and center (Font size: 14)
- Contributor: Name, designation, institutional address, email ID and mobile no.(On the right corner below title)
